

CENTER OF ACADEMIC EXCELLENCE

Cyber Operations

NOW HIRING

Student Worker

The Cyber Operations Program at the College of Applied Science & Technology is hiring two student workers. The position allows you to work remotely, 20 hours a week at \$15/hour.

Duties:

- Conduct data entry tasks within a simulated environment.
- Input and manage fictional data related to various scenarios, ensuring consistency and precision.
- Actively participate in the creation and management of simulated social media accounts for educational purposes.
- Update and curate content for fictional bots, adhering to ethical and responsible use guidelines.
- Maintain detailed records of changes made to data and social media accounts.

Requirements:

- Demonstrated proficiency in accurate data entry and organizational skills.
- Creativity and an understanding of social media dynamics.
- Strong communication skills and the ability to work collaboratively.
- Commitment to ethical practices in technology use.

Applying students must be:

- A current University of Arizona student
- Enrolled in a minimum of 6 units
- Comfortable working with peers via Zoom and/or Microsoft Teams
