The College of Applied Science & Technology (CAST) will be offering all of its Fall, 2020 courses online. Unlike main campus, we will not offer any face-to-face courses at any of our locations during the Fall semester.

CAST courses will be offered in one of two modalities: “Live Online” and “Online.”

**LIVE ONLINE**

Live Online refers to an instructional modality where the instructor and student are online simultaneously, with content provided in a live online platform. Students who enrolled in courses originally scheduled with a face-to-face component are expected to join the live online class offerings, just as would be required in a face-to-face, hybrid, or ITV class.

**ONLINE**

CAST offers fully online courses via D2L, but many courses also have live, online components scheduled by the instructor (e.g., lectures, group discussions, office hours). Students are encouraged to join the live, online instructional component synchronously, but classes are recorded and made available on D2L for students who cannot join synchronously.

The CAST Administrative Offices in Sierra Vista will be open on a limited basis beginning August 17. Other CAST locations are not scheduled to open to the public until further notice. CAST will be complying with all University of Arizona Campus Reentry Policies:

**Employees, Students and Visitors Must Use Face Coverings as Follows:**

INDOORS – A face covering is required in all University Buildings, unless alone in a single occupancy office.

OUTDOORS – Face coverings are required while in any University of Arizona outdoor space where continuous physical distancing of at least 6 feet is difficult or impossible to maintain.

Please refer to the “Student Expectations and Compliance Protocol” at [https://deanofstudents.arizona.edu/welcome/face-coverings](https://deanofstudents.arizona.edu/welcome/face-coverings)

Student services, including Academic Advising, Enrollment Counseling, Financial Aid, and Veterans’ Services will continue to be available fully online until further notice. **Please call 520-626-2422** for assistance or to set up an appointment with a student service specialist.
